Additional information

Customer Proprietary Network Information (CPNI)

CPNI is information made available to us solely by virtue of our relationship with you that relates to the type, quantity, destination, technical configuration, location, and amount of use of the telecommunications and interconnected VoIP services you purchase from us, as well as related billing information. The protection of your information is important to us, and you have a right, and we have a duty, under federal law, to protect the confidentiality of your CPNI.

We may use and share your CPNI among our affiliates and agents to offer you services that are different from the services you currently purchase from us. Verizon offers a full range of services, such as television, telematics, high-speed Internet, video, and local and long distance services. Visit Verizon.com for more information on our services and companies.

If you don't want your CPNI used for the marketing purposes described above, please notify us by phone any time at 800.333.9956 or online at vzw.com/myprivacy.

Unless you notify us in one of these ways, we may use your CPNI as described above beginning 30 days after the first time we notify you of this CPNI policy. Your choice will remain valid until you notify us that you wish to change your selection. Your decision about use of your CPNI will not affect the provision of any services you currently have with us.

Note: This CPNI notice does not apply to residents of the state of Arizona.

Explanation of Surcharges

Verizon wireless surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative and Telco Recovery Charge, which helps defray and recover certain direct and indirect costs we or our agents incur, including:
(a) costs of complying with regulatory and industry obligations and programs, such as E911, wireless local number portability and wireless tower mandate costs;
(b) property taxes; and
(c) costs associated with our network, including facilities (e.g. leases), operations, maintenance and protection, and costs paid to other companies for network services.
Please note that these are Verizon wireless charges, not taxes or government imposed fees. These charges, and what's included, are subject to change from time to time.

Service Plan Features & Services

If your service plan has optional features or services that are included as part of your monthly subscription, electing to activate these subscriptions may affect your surcharges, taxes and governmental fees, even though your plan monthly service price does not change. Examples of these features are Apple Music or the Disney bundle.

Taxes and Other Governmental Charges

We are required by law to collect these charges, which are based on your service address. You can update your service address on go.vzw.com/changeaddress.

More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are $175.87.

This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were $172.74 (before applying any discounts or credits, and excluding other charges such as overage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: $11.42 for voice, $4.54 for messaging, $155.98 for data, and $0.80 for other services.

For more information, please go to vzw.com/taxesandsurcharges.

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

Additional information continued

You have choices about the use of your information in Verizon Wireless programs

(1) Custom Experience and Custom Experience Plus
The Verizon Custom Experience program uses information about websites you visit and apps you use on your mobile device to help us personalize our communications with you, give you more relevant product and service recommendations, and develop plans, services, and offers that are more appealing to you.
The Verizon Custom Experience Plus program uses a broader set of information for the same purposes including information about websites and apps you use, your Verizon Fios services, location information, and Customer Proprietary Network Information, including phone numbers you call or those that call you.
The information in the Custom Experience programs is used only by Verizon. We do not use the information for third-party targeted advertising or provide the information to others for them to use for their own advertising.
Your choices:
- Your new line(s) will be included in the Custom Experience program unless you opt-out.
- You will need to opt in to the Custom Experience Plus program to be included.
- You can view and change your choices at any time using privacy settings on the My Verizon site or app.

Eligibility:
Consumer and small business customers with smartphone lines are included in the Custom Experience program, except for lines with devices or plans meant for children and lines associated with Maine customers. This program does not include lines sold to corporate and government accounts and lines with tablets, basic phones, or mobile hotspots.
Consumer and small business customers may opt in to the Custom Experience Plus program. This program does not include lines sold to corporate and government accounts and lines with devices or plans meant for children.

For more information, view our FAQs:

(2) Business and Marketing Insights

The Business and Marketing Insights program helps us and others better understand consumer actions in aggregate. For example, we may create insights about the number of customers in different age groups who visit a website, use an app, or go to a retail store or stadium. We also can develop insights to help estimate traffic patterns about people who move from one area to another during the morning rush hour. The information we use and the insights we create do not identify you individually.

This program uses information about websites you visit and apps you use on your mobile device, device location, certain information about your Verizon products and services (such as device type, and amount of use) and demographic and interest information we get from you or from other companies (such as gender, age range and interests). We also use location and point of interest information we obtain from others and information provided by business and marketing insights clients who want to better understand their own customers or businesses.

Your choices:
You can opt out of participating in the Business and Marketing Insights program and can change your choices at any time using privacy settings on the My Verizon site or app or by calling 866.211.0874.

For more information and instructions for opting out, visit our FAQs: go.vzw.com/BMI-FAQS
